#### COMMENTS REGARDING INTERVIEW

Applicants wish to thank the Examiner for extending  
the courtesy of granting and conducting on June 8, 1999, a  
personal interview in the above-referenced application. At  
the interview, Applicants' representative and the Examiner  
discussed proposed amendments to Claims 1 through 4, 7, and  
8, and the outstanding rejections under 35 U.S.C. §§ 112 and  
102, which are respectfully traversed. It was agreed at the  
interview that the proposed amendments to the claims would  
obviate the rejections, and the claims have been so amended.  
As also discussed at the interview, whereas U.S. Patent No.  
5,701,202 (Takahashi '202) is listed on the Examiner  
Interview Summary Record as "prior art", Applicants

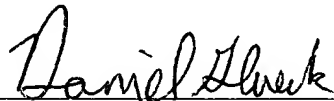

respectfully traverse the same and submit that Takahashi '202 does not constitute prior art under the meaning of 35 U.S.C. §§ 102 and 103.

CONCLUSION AND REQUEST FOR ADDITIONAL INTERVIEW

Applicants understand that it is intended that prosecution be suspended, and respectfully request an additional interview to discuss the proposed interference proceedings with Takahashi '202. Favorable consideration in this regard is earnestly solicited.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below-listed address.
